PQAPLUS™
Our Responsibility. Our Promise.

10 GOOD PRODUCTION PRACTICES

1 — **GPP #1** Establish and implement an efficient and effective herd health management plan.

6 — **GPP #6** Properly store, label, and account for all drug products and medicated feeds.

2 — **GPP #2** Use a veterinarian/client/patient relationship (VCPR) as the basis for medication decision-making.

7 — **GPP #7** Educate all animal caretakers on proper administration techniques, needle-use procedures, observance of withdrawal times, and methods to avoid marketing adulterated products for human food.
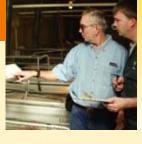

3 — **GPP #3** Use antibiotics responsibly.

8 — **GPP #8** Follow appropriate on-farm feed processing and commercial feed processor procedures.

4 — **GPP #4** Identify and track all treated animals.

9 — **GPP #9** Develop, implement, and document an animal caretaker training program.

5 — **GPP #5** Maintain medication and treatment records.

10 — **GPP #10** Provide proper swine care to improve swine well-being.
